HYDRAULIC FILTER

Rexflow hydraulic filtration product line features the complete hydraulic range of filter elements with a high dirt-holding capacity to ensure consistent filter efficiency and long element life.

These elements are available with various filter materials, different construction types and micron ratings to help protect critical system components. Rexflow's wide range of filter elements provide trouble-free operation when filtering abrasive fluids, cooling lubricants or water-based fluids and are designed to achieve absolute filtration.

OUR PRODUCT CATEGORIES:

Air filter, Oil filter, Fuel filter, Hydraulic filter

The filter elements are tested according to several ISO Standards:

- ISO 3723 Method for end load test | ISO 2942 Verification of fabrication integrity
- ISO 2941 Verification of collapse/burst pressure rating
- ISO 2943 Verification of material compatibility with fluids
- ISO 3968 Evaluation of pressure drop versus flow characteristics
- ISO 16889 Multi-pass method for evaluating filtration performance
- ISO 3724 Determination of resistance to flow fatigue using particulate contaminant

AIR FILTER, OIL FILTER, FUEL FILTER, HYDRAULIC FILTER

Filton Filters is a Malaysian Aftermarket filter manufacturing company. Established in 1978, Filton stands out proudly as one of the leading ASEAN filter manufacturers. Filton manufactures approximately 12 (twelve) millions filters per year and supplied to both OES as well as replacement market. As a trustworthy global industry player, FILTON prides itself in the products which equals or exceeds most OEM/OES specification.

PNEUMATIC ACCESORIES

A.P.I. is an Italian company specialized in the manufacturing of industrial pneumatic components. Innovation, design and technology of our products ensures solutions to specific needs and offer customized products tailored to each application sector.

- Cylinders and Accessories ● Valves
- Airline Equipments and High Pressure Guages
- Stainless Steel Components ● All Types of Pneumatic Accessories

DUNLOP HIFLEX HOSES – Write up : SINCE 2005, DUNLOP HIFLEX , Italian brand is one of the world's leading manufacturers of Hydraulic , Industrial hoses & OIL & GAS application hose & fittings .

These hoses are designed for Low, Medium, high and very high-pressure applications adhering to international standard safety certifications.

Top-quality rubber, thermoplastic And PTFE hoses designed in strict accordance with the latest international standards, ISO 18752.

The fittings are compatible with several types of threads, including BSP, JIC, Metric, NPTF, UNF and ORFS and developed with patented ATC coating for quality surface finishing.
