AL TASNIM

Quality You Can Build On

BUILDING TOMORROW, TODAY
- WITH QUALITY THAT ENDURES

100% OMANI, A LEGACY OF OVER FIVE DECADES

A 55-year journey from humble beginnings to becoming one of Oman's leading business groups

Partners in progress for the Sultanate of Oman

ISO Certified (ISO 9001:2015, 14001:2015 & 45001:2018)

Excellent Grade Contractors

Robust HSE framework and practices

Diverse team of more than 25,000 employees

Over 700 Design, Planning and Other Engineers across

Safety, Quality and Timely Delivery

Assets spread over 56 locations

Over 6,000 owned vehicles and equipment

LOCAL CONTENT DEVELOPMENT (ICV)

3,000+

Omani Nationals

One of the largest private sector employers of nationals working across Group Companies

OMR 50M+

SME & LCC Awards

Average business awarded to SMEs & LCC annually

OMR 300M+

Local Procurement

Average annual spends on local goods & services

OMR 150M+

Fixed Asset Investment

TRAINING & DEVELOPMENT

Investing in the next generation of industry leaders

100+ Omani graduates enrolled in Training & Development programs annually

VISION AND MISSION

VISION

To be a globally recognized and trusted partner in nation-building - delivering excellence at scale, pioneering sustainable innovation, and creating shared prosperity for our people, partners, and communities.

MISSION

To deliver world-class execution and value across every sector we serve, transforming bold ideas into lasting infrastructure and industrial solutions. We achieve this by fostering an inclusive, high-performance culture that empowers our people, prioritizes safety and integrity, and drives long-term economic progress of nations and communities.

CORE VALUES

World-Class Execution & Excellence

Inclusion & People Empowerment

Progressive Innovation

Leadership Built on Trust

Uncompromising Safety & Care

Shared Prosperity & Stewardship

THE AL TASNIM EDGE

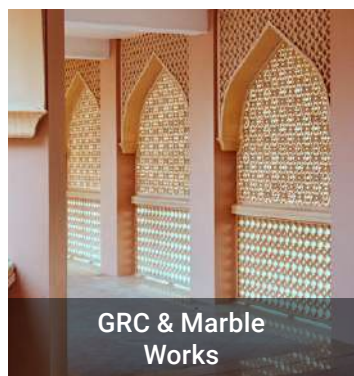

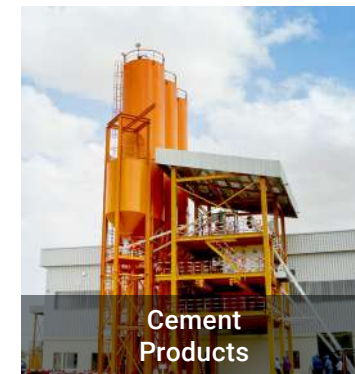

From Projects, Partnerships to Profitable Platforms, Al Tasnim is a proven multi-sector operating institution

Our Capabilities – From Idea to Institution

- Proven track record of 55 years of successfully operating and scaling multiple businesses in varied industries in Oman and globally
- Deep domain knowledge and business execution expertise across diversified sectors in Oman and other markets
- Strong expertise across investment screening, due diligence, structuring, and end-to-end transaction execution
- Trusted partner to marquee clients from the government and private sector

ROAD, BRIDGES & INFRASTRUCTURE
INDUSTRIAL PROJECTS

CIVIL CONSTRUCTION

- Proven track record of successfully delivering over 500 projects on time and within scope
- Successfully executed large scale projects across multiple locations
 - **Royal Oman Police Academy project - 5 packages with built up area of 2,70,728 sqm overall**
- **Expertise and skills to execute projects with BIM Modelling across areas of specialisation -**
 - Buildings (Residential, Commercial, Institutional, Healthcare etc.);
 - Hotels & Hospitality;
 - Malls;
 - Stadiums;
 - Data Centers;
 - Airports; and,
 - Sea Ports (Marine and Dredging works)

Constructed LEED Platinum Rated Projects –
Omantel Headquarters @ Madinat Al Irfan and Sohar
City Center @ Sohar.

OUR PROJECTS

MECHANICAL, ELECTRICAL & PLUMBING, FIREFIGHTING

- Completed more than **425 projects** with MEP installations
- **Highest Transformer Capacity** - Salalah Hospital Project - 14 Nos. x 2 MVA each: **28 MVA**
- **Highest Chiller Capacity** - MUD Project - 6 Nos. x 1150 TR each: **6840 TR**
- **Facilities and People**
 - 3,000 MEP technicians
 - 350 MEP staff
 - In-house testing and commissioning team
 - HVAC Duct fabrication workshop
 - Modular MEP workshop

WATERPROOFING SOLUTIONS

- Ethylene Propylene Diene Monomer / Polyvinyl Chloride waterproofing systems
- Combo roof waterproofing (Polyurethane Foam System)
- Bituminous Atactic Polypropylene / Styrene-Butadiene-Styrene membrane applications
- Cementitious and Polymer wet area waterproofing systems
- Polyurea coating system
- Water tank and swimming pool treatments

PROTECTIVE COATINGS

- Floor Epoxy Coating and screed applications
- Aseptic Hygienic coatings
- Vinyl flooring
- Anti -Termite treatment
- Pile Head treatment
- Crack Injection grouting

LANDSCAPING

A fully equipped nursery with **Green house**, complimented by dedicated **team of horticulturist**, irrigation **engineers and skilled, well-trained gardeners** enabling execution of the most demanding projects

- Operating under “Make Oman Green Beautiful” objective
- **Specialists in turnkey design and build** landscaping & irrigation projects along with the Annual Maintenance Works
- Dedicated team of irrigation engineer, horticulturists, supervisors, etc.
- **Inhouse fully equipped nursery with green house covering 4,500 sq.m. area**
- World class machinery and equipment from Ransomes, Toro, John Deere, Hayter, Gareda, Stihl, Makita brands

Maintenance work at Al Mouj, Muscat

Ras Al Hamra (PDO), Muscat

Sultan Qaboos Grand Mosque, Muscat

INTERIOR & EXTERIOR DESIGN SOLUTIONS

- **An all-in-one solution, complete backward integration to control quality**
- Full fledged integrated manufacturing facilities in **Joinery, GRC/GRG, Marble & Stone Processing, Glass & Aluminium, Metal and Landscaping**
- Serviced large scale projects with multiple rooms, such as, Hotels, MUDs
 - » **Capacity to furnish 300 keys for hotel projects**

FACADE

- Building Exterior Beautification and Custom Glazing Solutions
- Enhancing the aesthetic appeal and functionality of **building facades** with expert design and execution
- **Curtain Walling and Custom-Made Glazing:** Manufactured to the client's exact specifications, selected from a carefully curated range of glazing styles
- A fully equipped **facility spanning 13,000 sq.m**, featuring semi-automated machinery for thermal and non-thermal profiles, located in Misfah

Glass & Facades

- Ventilated Facades
- Tqall Balustrades
- Solar Facades
- Self Cleaning Glass
- Smart Glass
- Acoustic Art Panels
- Biophilic Design Elements
- Anti Microbial Wood / Glass
- Pre-Fabricated bathroom PODs
- Corian Tops
- Motorized Pergolas

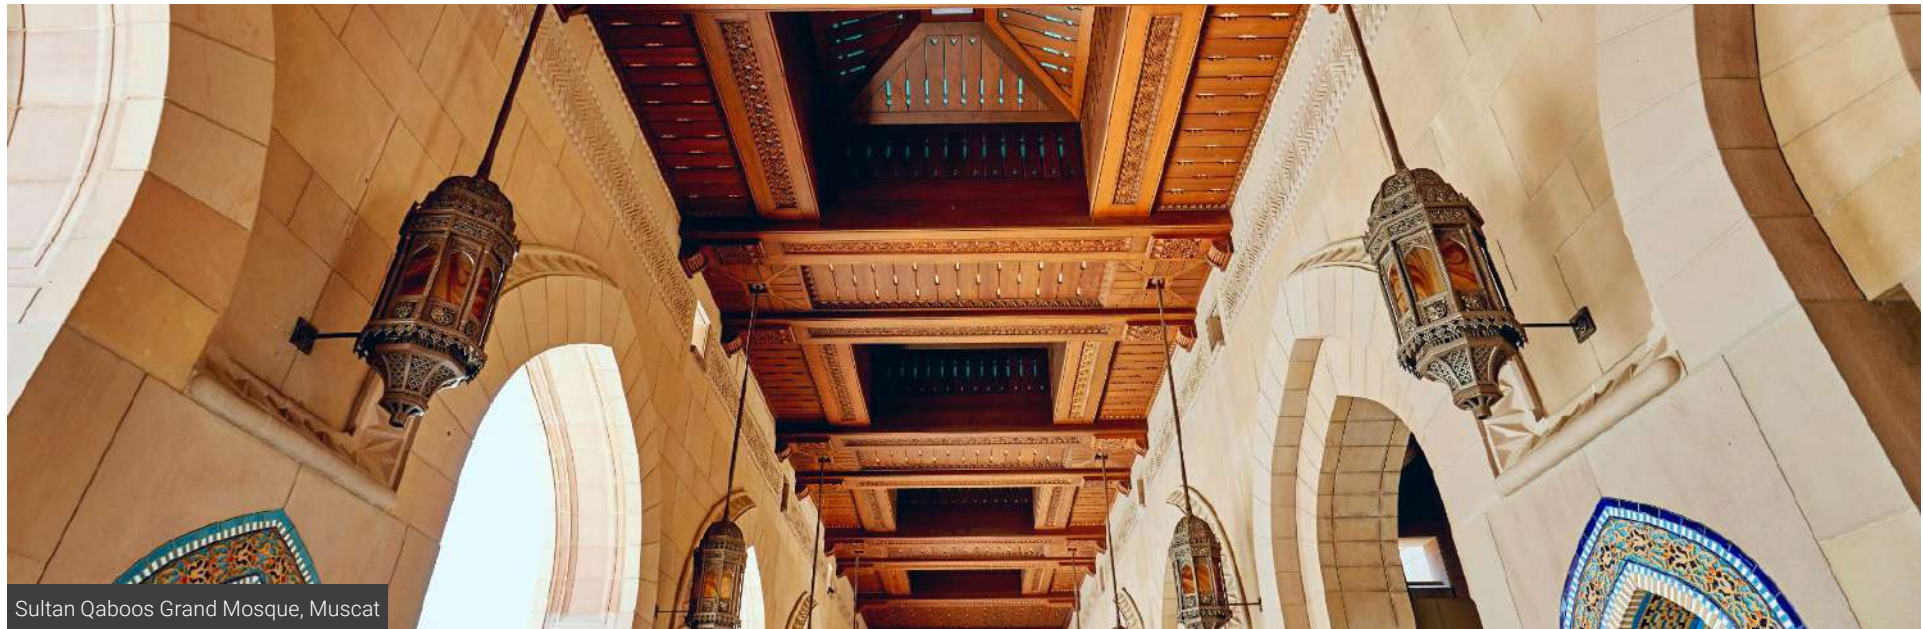

FITOUT

Industry Leadership in Design, Manufacturing and Installation Serving residential, commercial and large-scale developments

- **Bespoke solutions from intricate handcrafted designs to large-scale production**
- **7,500 sq.m production facility**
- **High-end customized woodwork and finishes** for diverse projects
- **Expert craftsmanship** using premium materials and advanced techniques
- German & Italian CNC machines, kiln drying, automatic spray painting and precision wood processing

Sultan Qaboos Grand Mosque, Muscat

Royal Opera House, Muscat

GRC

- **Known for unrivalled creativity and versatility, offering a wide range of textures and colors in new design development**
- **Member of the International Glass Reinforced Concrete Association (GRCA), UK**
- **Market leaders** in the design, manufacturing, and installation of specialized premium building solutions:
 - Glass Fibre Reinforced Concrete (GFRC)
 - Glass Fibre Reinforced Plastics (GFRP)
 - Glass Fibre Reinforced Gypsum (GFRG)
- **Became one of the top specialized producers and subcontractors in the country within 15 years**
- Expanded internationally with major landmark projects in:
 - GCC, Australia, United Kingdom, Africa, Maldives, India

Oman Convention & Exhibition Center, Muscat - Oman

Mohammed Al Ameen Mosque, Muscat - Oman

Al Islam Mosque, Muscat - Oman

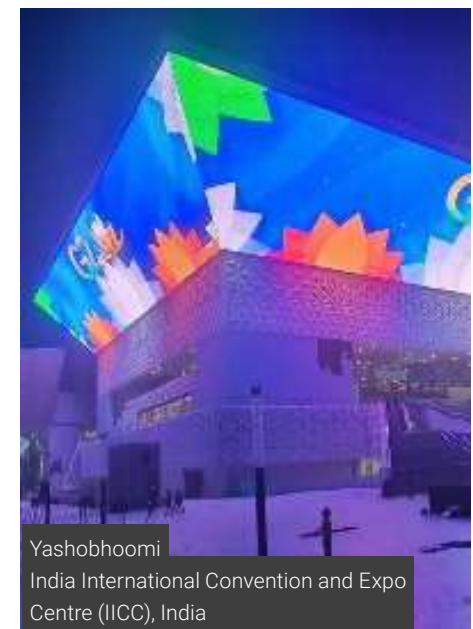

Central Bank of Oman, Muscat - Oman

Cancer Care Unit, Muscat - Oman

Al Rayyan Stadium, Qatar

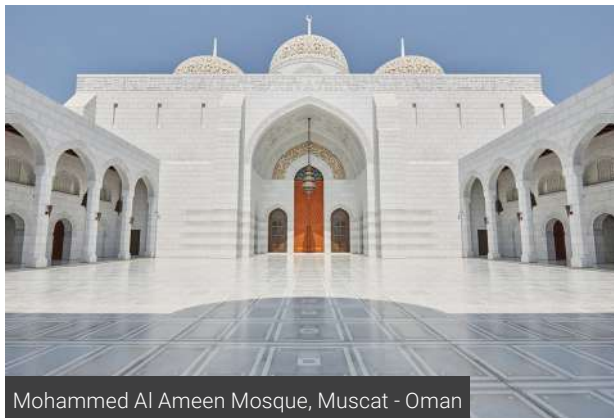

Yashobhoomi
India International Convention and Expo
Centre (IICC), India

MARBLE WORKS

- Flooring and cladding in **local and imported marble, granite and natural stone**
- **Largest setup in Oman equipped with Italian machinery**, including Waterjet, CNC Robot Wire Saw, and Carving Machines
- **Factory Production Capacity: 500–600 square meters per day**
- **Marble Processing Factory: Combined capacity of 70,000 square meters for slabs and cut-to-size marble**
- Inlay works, Calligraphy, Profiling, Carving, Inserts, Round Columns and other architectural features
- Supported by an **experienced architectural team, skilled craftsmen, carvers and stone masons**

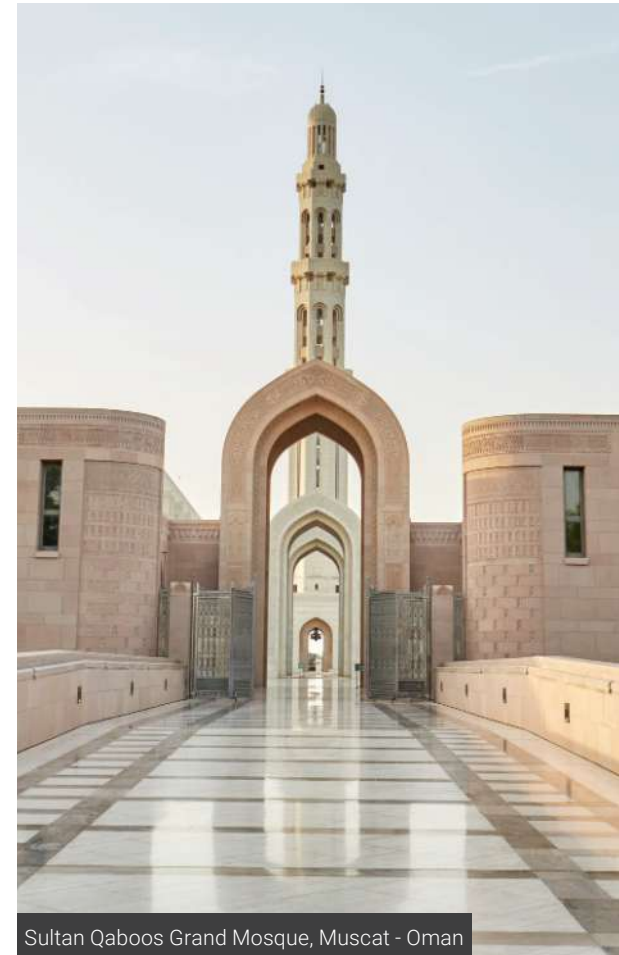

Completed some of Oman's most iconic projects, including:

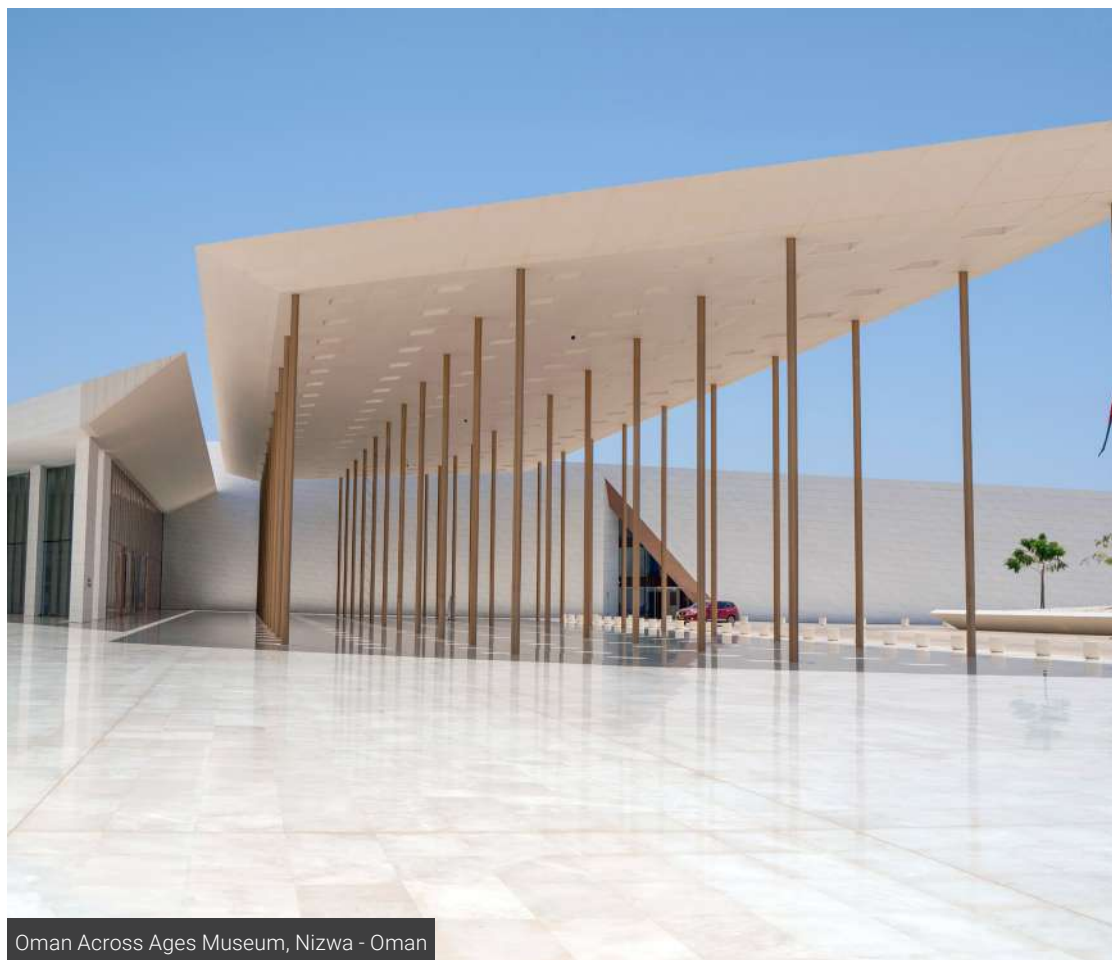

Mohammed Al Ameen Mosque, Muscat - Oman

Sultan Qaboos Mosque, Sohar - Oman

Sultan Qaboos Grand Mosque, Muscat - Oman

Oman Across Ages Museum, Nizwa - Oman

Royal Opera House, Muscat - Oman

OIL, GAS & ENERGY

Leading onshore multi-disciplinary engineering, procurement, construction, and commissioning (epcc) service provider

- EPC projects in oil & gas processing, pipeline/flowline, and infrastructure
- Renewable Energy projects
- Maintenance work for oil & gas plants
- Annual Execution:
- Supply and installation of **750 km of flowlines**
- **200 km of pipelines/headers** (Carbon Steel, Polyethylene, and Glass Reinforced Epoxy) in various sizes
- **Approximately 300-350 well completions** with Carbon Steel, Rotomoulding, and Corrosion Resistant Alloys every year
- **Integrated Logistics Management System (iLMS)** - control center for live tracking of vehicles
- Over 6,500 employees
- Fleet of 1,000 dedicated vehicles, plant and equipment

Gas Supply System for Duqm Refinery

Rabab Harweel Integrated Plant for PDO

Multi-Service Valves and Flowlines Bhaja Bypass

Industrial Project, Bhaja

Modular Skid Installation at Greater Birba

Industrial Project, Marmul

ROAD, BRIDGES & INFRASTRUCTURE

Roads and Bridges;

Infrastructure works such as Sewage Treatment Plants (STP), Effluent Treatment Plants (ETP) and Water Treatment Plants (WTP);

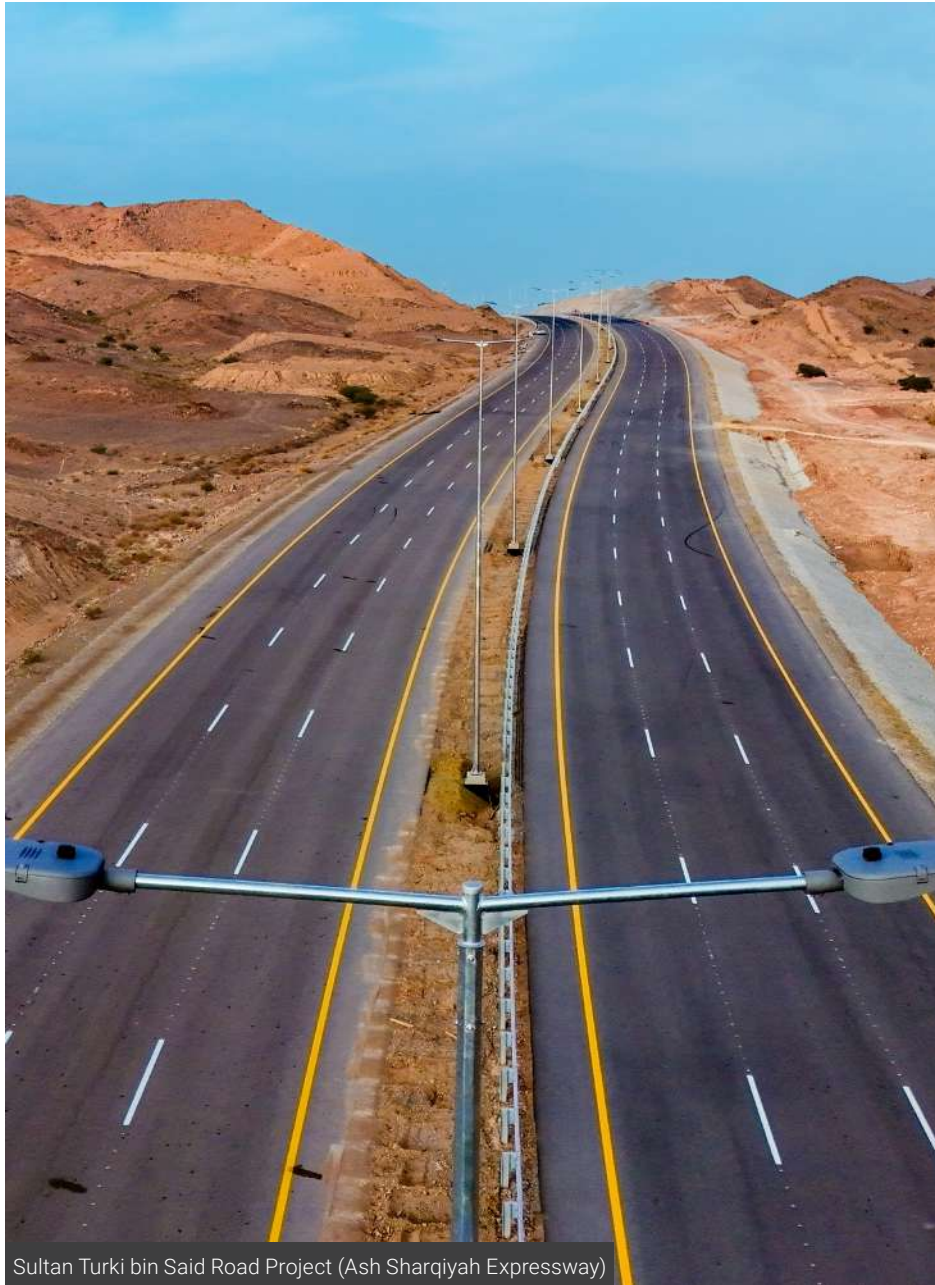

Infrastructure Pipeline projects such as Water Supply, Storm Water, Sewerage;

Dams and Irrigation networks; and,

Railways and Metros (Future Development).

- **Over 50 projects, 1,500 kms** of roadworks executed including new and maintenance
- **342,000 Sq.m. of parking areas constructed included Muscat International Airport**
- **One of the largest contractors for road maintenance works in Oman**
- One of the largest fleets of paving equipment in Oman, enabling us to handle projects of all sizes efficiently
- **Cutting-Edge Asphalt Testing Facilities:** Includes the Superpave Asphalt Laboratory, ensuring top-tier quality control for every project
- Comprehensive **Road Marking Solutions** (machinery and paint)
- **Strategic Hot Mix Plant Locations** support the timely delivery of asphalt for large-scale projects: **Sohar (200 TPH), Halban (200 TPH), Nizwa (100 TPH), and Duqm (260 TPH)**
- **Product innovation promoting sustainability and efficiency**, including advancements in warm-mix asphalt and recycled asphalt pavements

INDUSTRIAL PROJECTS

- Earth Works
- Civil Works
- Electrical transmission, distribution and networks
- Electrical (HV, LV, ELV)
- HVAC & Plumbing
- Technological Structures
- Mechanical Erection Works
- Instrumentation and Commissioning works
- Mechanical Maintenance works
- Industrial EPC Projects

MINING

ASSET DEVELOPMENT

MINING SERVICES

MARBLE AND INDUSTRIAL MINERALS

ASSET DEVELOPMENT

- **Development and Operations of a Copper Concentrator at Al Wash-hi Majaza with planned capacities of:**
 - Annual ore extraction: 1.0 million tons
 - Annual Copper Concentrate removal: 37,500 tons
- **On-going (including under evaluation) Exploration projects** in Oman, Kingdom of Saudi Arabia, Namibia, Sierra Leone, and Jordan
- Targeting minerals like Potash, Phosphate, Copper, Gold, Uranium, Chromite and other Industrial Minerals

MINING SERVICES

- Expertise in **Exploration, Mining and Geospatial Services**
- Exploration, Drilling & Blasting
- Mineral Processing & Resource Estimation
- Geophysics, Remote Sensing and Surveying
- Extensive experience in Due Diligence, Property Evaluation, Exploration & Drill Site Management, GIS & Mine Planning
- On-site Laboratory Testing & Surveying
- SAP-based asset and fuel management for efficiency and reduced downtime
- **Commitment to Ethical Mining:** Exceeding regulatory standards and minimizing environmental impact
- **Sustainability Initiatives:** Water recycling, sediment control, waste management

Marble Factory, Sohar

Marble Factory, Sohar

MARBLE & INDUSTRIAL MINERALS

Premium Natural Stone – Omani and Imported Marble

- Exclusive global sourcing – proprietary Omani and Namibian quarries plus select exotic imports such as Brazilian blue calcite and Italian marble
- Advanced processing – one of Oman's largest facilities with cutting-edge Italian equipment
- Turnkey solutions – quarrying, cutting, finishing and installation under one expert roof
- Sector experience – residential, retail, hospitality, healthcare and large commercial projects
- Custom craftsmanship – cut-to-size work, inlays, cladding, steps and precision detailing

Premium marble and natural stone in slabs, tiles and custom sizes for:

- Flooring & Wall Cladding
- Facades, Columns, Staircases, Steps and Risers
- Countertops and Kitchen Tops
- Interior & Exterior Installations for High-End Developments

Stone varieties & finishes

- Omani Marble | Namibian Marble (exclusive white & palisandrio-type fusion) | Brazilian Blue Calcite | Italian Marble | Granite | Onyx | Travertine | Sandstone
- Honed | Antique | Sand Blast | Bush Hammer | Stone Split | Scratch | Polished

Facilities & capacity

- Sohar facility – 50,000 sq.m. with advanced Italian processing machinery
- Production capacity – 70,000 sq.m. of slabs and cut-to-size products annually
- In-house Omani and Namibian quarries ensuring supply security and exclusivity

Al Muriyat (Ibri) – 1000 cubic meters of marble blocks per month

Al Khabura – 1500 cubic meters of marble blocks per month

Marble Factory, Sohar

Finished Goods Warehouse, Sohar

INDUSTRIAL

CEMENT PRODUCTS

STEEL FABRICATION

PRE-ENGINEERED BUILDINGS (PEB)

PRECAST

OIL & GAS MANUFACTURING

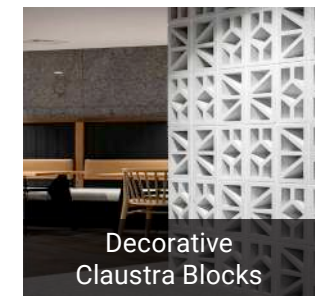

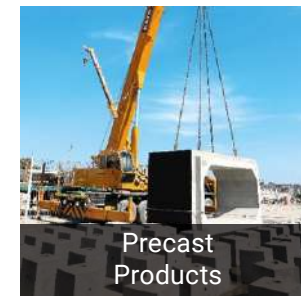

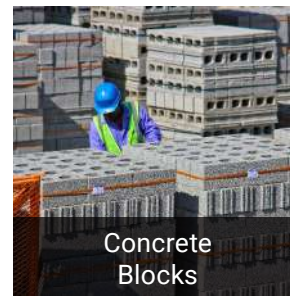

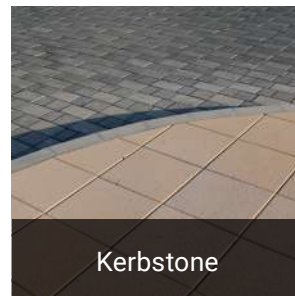

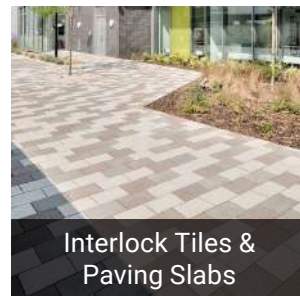

CEMENT PRODUCTS

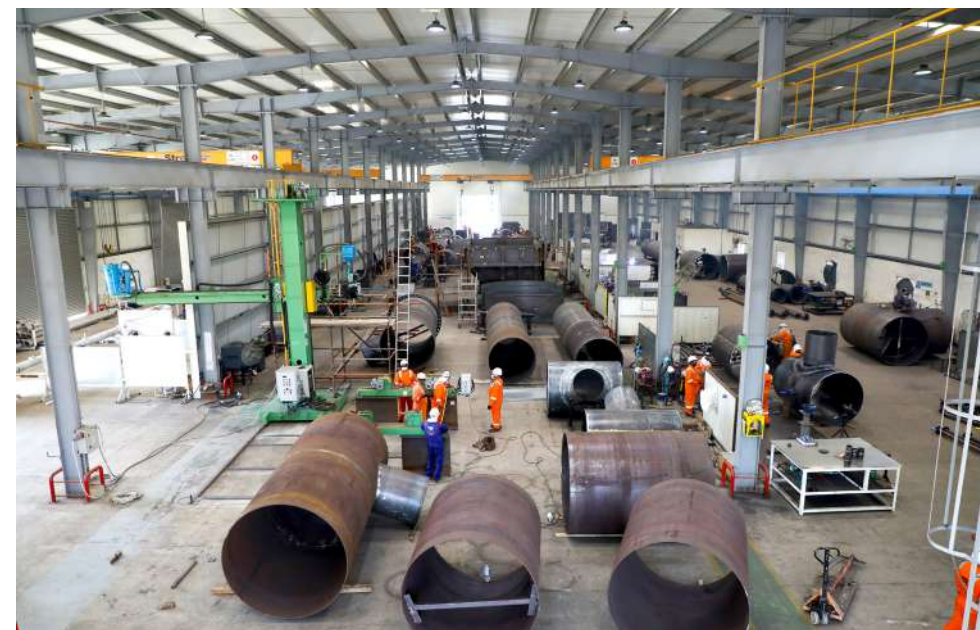

- **Largest supplier of cement products in Oman with over 50 years of industry experience**
- **Pioneered the supply of Ready-Mix Concrete**, enhanced with silica fume, fly ash and ground granulated blast furnace slag for superior durability
- **Innovative product development** driven by a highly qualified research and development team
- **Backward Integration for Quality Assurance**
 - Owns mines and crushers for better control over raw material quality
 - Dedicated admixture plants ensure superior concrete performance

PRODUCTION CAPACITIES

Ready-Mix Concrete

STEEL FABRICATION

- **Structural Steel & Pre-Engineered Building (PEB)** including workshops and warehouses
- **Heavy Structural Steel Fabrication** (Supports, Girders, Beams, Columns)
- Rebar – Cut & Bend
- Cold Form & Light Gauge Steel
- Precast
- Oil & Gas Manufacturing
- Blasting & Painting Services
- Pressure Vessels
- Skids
- Piping
- Heat Exchangers
- Architectural Metal Works
- **Mechanical, Electrical, and Plumbing** – Galvanized Iron and Pre-Insulated Ducts, HVAC Duct Fabrication
- Storage Solutions (Storage Tanks)
- **Machine Shop**
 - Process Equipment (Pressure Vessels, Heat Exchangers, Injection Skids)
 - Technological Equipment (Hoppers, Ducts, Silos, Chimneys, Conveyors)
 - Industrial Furnaces & Smelter Plant Equipment

PRE-ENGINEERED BUILDINGS (PEB)

- Metal cutting, forming, and custom-engineered steel structures
- **Capacity to handle 2,000 tonnes per month**
- **Over 100 projects completed (200 to 2,000 tons)**
- **Facility: Misfah (70,000 sq.m)**
- Over 15 Design Experts: Assisting through the full project lifecycle, from concept to final handover
- 400-450 fully trained team supervising fabrication and erection to ensure high standards

PRECAST

- **Wide Coverage:** 120,000 sq.m of facilities across Oman **ensuring integrated supply for projects of any size**
- Rumaish | Amal | Thumrait
- **Expert Team:** Engineers and designers providing value engineering and customized precast solutions
- **Proven Track Record:** Successfully executed projects with timely delivery, exceptional service, and high customer satisfaction

OIL & GAS MANUFACTURING

- **Proven legacy of over 10 years in executing Petroleum Development Oman (PDO) projects**
- **25,000 sq.m.** fully equipped covered fabrication shop with advanced machinery
- **Piping Solutions Expertise** in Carbon Steel, Stainless Steel, Duplex Stainless Steel, and Alloy Steel fabrication. **Capacity to deliver 35,000-inch diameter of piping and pipeline spools per month**
- **Equipment Fabrication: 1,000 Tons/month**
- Skilled workforce specializing in oil and gas fabrication, including Carbon Steel, Low-Temperature Carbon Steel, Stainless Steel, Duplex, Super Duplex and Alloy materials
- Accredited with ISO, OHSAS, ASME 'U', 'U2', 'PP', 'S', and National Board 'R' stamps for quality and safety

ENGINEERING SOLUTIONS FOR CRITICAL INDUSTRIES

Where Global Engineering Meets Local Needs

Modular Skids & Piping Spools

Shell & Tube Reboiler

Chemical Injection Skids

High Pressure Heat Exchangers

Pressure Vessels

Triple Stack Loop BFW Preheater

SERVICES & TRADING

PRODUCT DEALERSHIP & TRADING

FACILITY MANAGEMENT & CATERING SERVICES

LABORATORY TESTING SERVICES

GEOSPATIAL SURVEYING & MAPPING SERVICES

PRODUCT DEALERSHIP & TRADING

- One of Oman's emerging companies in the product dealership and related services industry
- **Product trading, distribution, dealership and after sales support**
- **Source, supply and implementation across industries**
- Strong business relationships with many local and renowned international brands

An array of International Brands

					
Construction: Tiles & Mosaics • Industrial Tiles • Cement Handcrafted • Mosaics	Construction: Other Civil Products • Vinyl Flooring Brands • Ironmongeries • IPS Panels & Toilet Cubicles • Manhole Covers • Loose Furniture • Play Equipment • Heavy Security & Commercial Steel Doors • Patch Fittings • Chemicals • Gym Equipment • Wall Protection • Garbage • Chute System • Closets • Carpet • Raised Access Flooring • Ceiling Systems & Drywall Assemblies • Textured Paints • Outdoor Living			Construction: Mechanical • Valves & Copper Fittings • Grease Interceptors • Oil Interceptors • Floor And Roof Drain • Exhaust Fan • Turbine Ventilators • Ecology Unit & Esps • Copper Tubes And Fittings	Construction: Irrigation • Drip Line Irrigation & Automated Systems • Hydro Perlite Products • Geotextiles & Geomembranes • Wastewater Treatment Systems • Screen Filters
					
Construction: Sanitaryware & Accessories	Construction: Electrical • Conduits • Wiring Accessories • Cable Lugs & Glands • Cable Tray & Trunkings • Fire Resistant Cables • Earthing & Lightning Protection • Lighting Solutions			Construction: IT & E.L.V • Passive & Active • Networking • SMATV System • Video Door Phone • Wifi System • Gate Barrier System • CCTV Systems • Guest Room Management System • Data Management System • Lighting Controls	
	Construction: Kitchen Equipment • Kitchen Cabinets & Brass Hardware				

An array of International Brands

					
Equipment & Spare Parts Brands: • Outdoor Power Equipment • Engine Industrial Air Oil & Liquid Filtration • Screen Mesh For Crusher • Conveyor Belt For Crusher • Wear & Tear Parts - Crusher		Oil & Gas: • Drilling Fluids • Anti Corrosion • Pipes • Valves		Tires Batteries: • Truck & Bus Radial • Off Terrain Radial • Industrial Tyres • Passenger Car Radial • Batteries	

BULK SOURCING & SUPPLIES

Extendable to Various Categories to Cater to Diverse Sectors

Foodstuff

- Rice, Wheat and Pulses
- Coffee & Tea
- Spices
- Sugar and Honey
- Frozen Vegetables
- Frozen Snacks
- Asian Foods

Industrial Minerals

- Limestone
- Dolomite
- Phosphate Rock

Chemicals & Fertilizers

- Furnace Oil
- Pet Coke
- Chemicals from SABIC
- Ammonium Nitrate
- Muriate of Potash
- Di Ammonium Phosphate
- Urea
- White Cement and Clinker

Medical Supplies

- Common Surgical Consumables
- Laboratory Consumables
- Common Surgical Consumables
- Laboratory Consumables

FACILITY MANAGEMENT & CATERING SERVICES

We deliver end-to-end Integrated Facility Management Services - bringing facilities, catering, housekeeping, and technical support together under one unified service model.

OUR SERVICES

Hard & Soft Services

- Hospitality and Catering Services
- MEP & Civil Projects Maintenance
- Water Treatment Plant Maintenance
- Swimming Pool Cleaning & Maintenance
- Housekeeping & Pest Control Services
- Waste Management Services
- Landscaping Services

Our Strengths

- **850+** Dedicated Team of Professionals
- **Internationally Certified Standards**
Certified to ISO 9001:2015 Quality Management and BICS (British Institute of Cleaning Science) standards.
- **2,597,185 Sq. Mt** of Space & **90+** sites managed across Oman
- **42,000+** Meals Served Daily Across the Sultanate
- **24/7** Helpdesk & operational support

LABORATORY TESTING SERVICES

- **ISO/IEC 17025 Accredited | ISO 9001:2015 Certified**
- Advanced instruments: ICP-OES, WDXRF, EDXRF, Portable XRF, ICP-MS, GC-MS, AAS and more

Laboratory Services

- **Mining & Geochemical Analysis** – XRF/ICP, fire assay, ore grade & mineral exploration
- **Material Testing** – Concrete, steel, aggregates, cement, asphalt & NDT
- **Food, Agro & Water Testing** – Pesticides, heavy metals, nutrients & water quality
- **Geotechnical & Soil** – CBR, Atterberg limits, compaction & chemical analysis
- **NDT & Metallurgy** – Ultrasonic, radiography, MPI & weld inspection

Additional Laboratory Capabilities

- **Environmental Testing** – Air, water, soil & noise monitoring as per international standards
- **Microbiology & Food Safety** – Pathogens, coliforms, yeast & mould testing
- **Petroleum & Chemical Testing** – Fuel quality, lubricants & chemical composition
- **Key Instruments:** ICP-OES, ICP-MS, WDXRF, EDXRF, GC-MS, HPLC, AAS & more

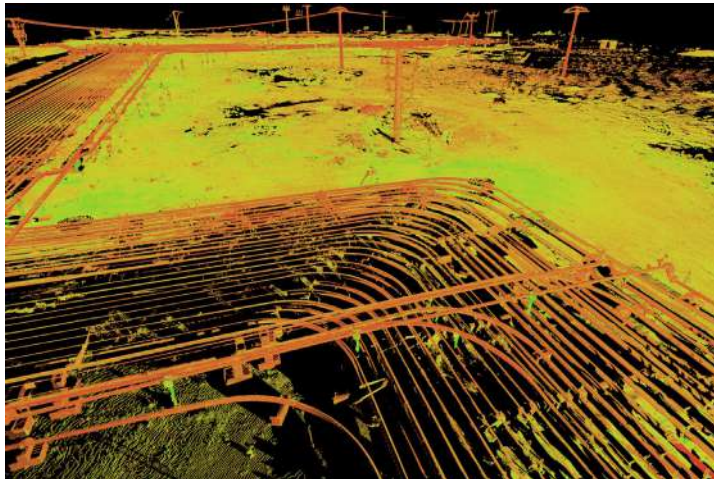

GEOSPATIAL SURVEYING & MAPPING SERVICES

- 20+ years of expertise in surveying, mapping & geospatial solutions
- Advanced technologies: UAV / Drones - RGB, Multispectral, Thermal & LiDAR , TLS & Mobile Mapping Systems, GPR, GNSS/GPS, Total Stations, Digital Levels.
- Specialized in Drone Surveys, 3D Laser Scanning, Utility Detection Scan-to-BIM, Digital Twins & GIS Mapping

Services We Offer

- Drone Survey (RGB, Multispectral, Thermal & LiDAR) – Mapping, volumetrics, corridor surveys, agriculture, solar inspection & heat mapping
- 3D Laser Scanning & Mobile Mapping – Point clouds, as-built surveys, Scan-to-BIM, infrastructure & digital twins
- Utility Detection & GIS Mapping – GPR surveys, underground utilities, spatial analysis & geodatabases
- Bathymetric surveying using multi-beam and single-beam echo sounders for accurate seabed mapping and hydrographic data acquisition.

Industries We Serve

- Oil & Gas, Petrochemical & Industrial Facilities – surveys, inspection & monitoring
- Construction, Infrastructure & Smart Cities – mapping, tracking & as-built documentation
- Mining & Exploration – geophysical surveys & resource mapping
- Agriculture & Environment – crop analysis & environmental monitoring
- Transport & Utilities – corridor mapping & utility detection
- Renewable Energy – inspection & performance analysis
- Marine & Ports – bathymetric surveys & seabed mapping
- Government & Municipal – planning & infrastructure support

MEANINGFUL PARTNERSHIPS TO BUILD SUSTAINABLE VALUE

Purposeful consortiums focused on nation building and community benefits
